

A Message from Principal Ben Clement

It is with great pride that I get to be the principal of Clovis Online School! COS is an amazing school. We are WASC Accredited, NCAA approved, offer a full compliment of UC/CSU approved courses, have honors and advanced placement courses, and we are members of both the National Honors Society and the California Scholastic Federation. We have had many graduates move on to places such as UC Berkeley, UC Davis, UOP, FPU, Fresno State, and even Stanford, as well as countless other public and private colleges and universities. We allow students the flexibility to achieve their dreams while pursuing outside interests such as acting, race cars, dancing, club sports, and we have even had a youtube star with millions of followers. They were able to do all this, while achieving their high school diplomas. We offer many on campus activities as well and I encourage our students to reach out to their teachers or counselor to learn about the many amazing activities we offer. These range from college tours, a cross country team, e-sports, student leadership and numerous others. COS works hard to give each student a quality education, all in a tuition free public charter school. We look forward to offering all students the opportunity to see what we are all about. For more information give us a call at (559)327-4400.

Sincerely,

Ben Clement
Principal
